

9. Data Protection Policy

9.1 Statement of intent

The Pre-school aims to maintain the highest standards of data protection in compliance with the General Data Protection Regulation 2018. Walton Under Fives are entitled to obtain and process information about individual's subject to compliance with the requirements of the General Data Protection Regulation 2018.

Walton Under Fives Pre-school Data Protection Officer is **Jenny Rogers**

9.2 The Act:

- Applies to personal data. This is not just the kind of information we prefer to keep to ourselves. It can be as simple as a name linked to an address or date of birth.
- It applies to both electronic and manual (paper) data so you should assume that these guidelines cover personal data in any format
- Regulates the obtaining and processing of personal data. Processing can cover anything from updating data, transmitting data to a third party or consulting data.

9.3 Methods

In order to comply with the GDPR, we at Walton Under Fives Pre-school will do the following:

- Take steps to protect against accidental loss or destruction of or damage to personal data
- Explain to parents and staff why we are collecting data, how long it will be kept and how the individual can have access to it if required
- Never ask for more information than we legitimately need
- Take responsibility for correcting and updating data as often as may be necessary or at least every term
- Ensure that un-needed data is deleted or destroyed
- Data Storage, the Chair and manager has guidelines for the storage and retention of information so never update, delete or destroy data without checking with him/her first
- Never use data we have obtained for a specific purpose for any other purpose without the consent of the individual
- If any person about whom the group holds information requests access to it this will be dealt with promptly by the Manager or Chair
- Ensure that no unauthorised person can have access to the personal data we are processing by making sure that paperwork containing personal data is not on view and putting away paperwork containing personal data
- Always sending correspondence containing personal data to a named individual within the group and marking it personal or confidential
- Never discussing personal information with colleagues unless this is necessary as part of the job
- Never transmitting personal data by e-mail to anyone outside of the group, even under the cover of confidentiality - external e-mail is not necessarily a secure means of communication
- Sensitive personal data i.e. race, religion, physical or mental health, sexual orientation, political views and criminal convictions. This data may only be collected with specific written consent of the individual and there are strict rules concerning how it may be processed. We will ensure that this is strictly adhered to when collecting and processing such data

[Use of CCTV around Walton Village Hall](#)

There are several CCTV cameras around the exterior of Walton Village Hall for the purposes of security and safety of the building and hall users. The cameras are placed where damage has previously occurred. There is a sign on the fence between the car park and field stating that they are CCTV cameras installed.

Due to the location and camera angles of these, the areas that the preschool use are included in this, for example, the MUGA, the field and our preschool garden.

The hall and surrounding property is managed by a group of volunteers called the 'Walton hall trust' which act like a committee. The only people who has access to the footage of the cameras are Matt Hardware (Chair of the Trust), Simon Hegarty (Vice chair of the trust) and Matt Hawkins (a member of the trust). They only view the footage if damage or an incident has occurred and they watch it for the purpose of identifying this. All three of these people have a current DBS. In certain situations, the footage may be shared with the police when absolutely necessary and for the purpose of helping to solve crimes.

The footage is kept for approximately 20 days before the system overrides the video. They are stored in a recorder in a digital format which is stored locked in the hall office and the system is password protected. General hall users do not have a key to the office and the password is only known to the same three people listed above.

Retention Periods for Records

See attached sheet (appendix 1)

Tapestry

Tapestry is a secure online system that Walton Pre-school use to record observations, comments and photos to show progress across the Early Years Foundation stage.

To ensure all safeguarding and data protection policies are met an agreement has to be signed by parents/carers and the manager and safeguarding officer of the setting **Jenny Rogers**, agreeing to the terms laid out. A copy of which is attached to this policy. (appendix 2)

If there is any data breach then **Jenny Rogers** (data protection officer) will notify the Information Commissioners Office (ICO) of the data breach within 72 hours of becoming aware of the breach.

All staff are in the process of being trained on data protection (June 2018)

9.4 Links to other policies, procedures and legislation: -

- Ensure all enrolment documentation is signed off correctly with permission slips.
- Keep filing cabinet and cupboard it is kept in, locked when not in use.
- At the end of each session, ensure that all information relating to children or subject to the requirements of the GDPR is locked in the kitchen area, or in the locked filing cabinet.
